

EXHIBIT "E"
to the Airline-Airport Use
and Lease Agreement for
Palm Beach International Airport
RATE and FEE SCHEDULE
for the period of
October 1, 2008
Through September 30, 2009

1. Average Terminal Rental Rate and Landing Fee Rate. This Exhibit sets forth the method to be used in calculating the average Terminal rental rate and Landing Fee Rate for each rate setting period (generally each Fiscal Year). Average terminal rates shall be calculated by determining the Net Requirement divided by the total amount of budgeted Signatory Airline space for the rate setting period. Landing Fees shall be determined by the Net Requirement divided by the budgeted Maximum Gross Landed Weight for all Signatory Airlines for the rate setting period.

2. Differential Terminal Rental Rates.

A. Terminal building space shall be classified according to type of space for the purpose of establishing differential rates by location and function as set forth below:

<u>Types of Space</u>	<u>Location/Function</u>	<u>Weighted Value</u>
1	Ticket Counter	1.00
2	Ticket Offices and Upper Level Offices; V.I.P. Rooms; Hold Rooms	0.90
3	Bag Claim; Concourse Areas	0.80
4	Bag Make-up; Curbside Offices; Operation Areas including Baggage Service Office; Commuter Operating Area	0.70
5	Tug Drives	0.25

B. The amount of each type of space identified above shall be determined by the Department on an annual basis. The space totals identified on Attachment 5 of this Exhibit are for the period of October 1, 2008 through December 30, 2009. On or about each July 1, the Department shall provide the Signatory Airlines with a Summary of Terminal Areas and Aircraft Parking Apron in substantially the form set forth in Attachment 5.

C. Using the space totals from the Summary of Terminal Areas and Aircraft Parking Apron, the average Terminal rental rate for the period shall be converted to differential Terminal rental rates.

- (1) The amount of Type 1 through 5 space shall be weighted by the relative factors set forth in Paragraph 2.A. above, to obtain a weighted equivalent amount of space.
- (2) The total amount of Signatory Airline Terminal rentals for Type 1 through 5 space shall be next determined as the product of the average Terminal rental rate for the period multiplied by the total amount of Type 1 through 5 Signatory Airline space.
- (3) Said total amount of Terminal rentals shall then be divided by the weighted equivalent amount of space to determine the rate for Type 1 space. Rates for Types 2 through 5 space shall then be determined by multiplying the Type 1 rate by the relative factors for each type of space.
